ALL ADVANTAGES AT A GLANCE

- > intuitive user panel
- > compact, light, for heavy loads
- > new powerful lithium battery with state-of-charge indicator. **Autonomy** up to **500/700 steps** up and down*
- > extremely lightweight lithium battery - only **1,6 kg**
- > for loads up to 360 kg*
- > up/down button for left- and right-handers
- > **2 drive modes** (single/continuous step)
- > rugged frame with SANO patented aluminum profiles
- > **step light** for poor light conditions
- > innovative, integrated step-edge braking system
- > automatic shut-off system
- > friction clutch and electronic overload protection
- > for all types of stairs, even on spiral staircases and narrow landings
- > puncture-proof tyres

NEO LIFTKAR® HD UNI

Whether moving electrical enclosures, drinks dispensers, gaming machines, large boilers, solar heating vessels, heavy rolls of linoleum or stacks of crates, the **NEO LiftKar HD UNI** has been specially designed to transport tall and heavy loads over every kind of stairs.
