transport of beds

ALL ADVANTAGES AT A GLANCE

- > for loads up to **200 kg**
- > back-friendly and ergonomic delivery of care beds, bed inserts and other bulky aids and equipment
- > large, puncture-proof wheels for stability not only on stairs but also on uneven surfaces (gravel, grass, cobblestones...)
- > user-friendly and easy operation by a single person
- > quick fixation of the load with 2,5 m long ratchet strap including roll-up mechanism
- > large contact surface for stable transport
- > up/down button for left- and right-handers
- > new powerful lithium battery with state-of-charge indicator. **Autonomy** up to **700 steps** up and down*
- > extremely lightweight lithium battery - only **1,6 kg**
- > with "softstep" function (for soft landing)
- > **2 drive modes** (single/continuous step)
- > **step light** for poor light conditions
- > innovative, integrated step-edge braking system
- > friction clutch and electronic overload protection
- > for all types of stairs, even on spiral staircases and narrow landings
- > robust frame construction with SANO aluminum profiles
- > developed and manufactured in **Austria**
