Ideal for transporting compact, heavy goods

HD Pro FOLD & HD Pro FOLD-L

Your ideal partner for transporting heavy and large loads over stairs. This foldable stairclimber combines compactness with powerful performance, making it indispensable for efficient transport operations. Weighing just 37,9 kg (incl. Lithium battery), the **LiftKar HD Pro FOLD** is easy to maneuver and can be easily folded after use to save valuable space.

Equipped with the latest Li-Ion lithium batteries, this stairclimber guarantees exceptional range, allowing up to 700 steps* on a single battery charge. Whether it's heavy copiers, cast iron stoves, heating boilers, or elevator motors – the **LiftKar HD Pro FOLD-L** stands for reliability and strength.

Available in models for loads up to 200 kg, 280 kg and 360 kg, the **LiftKar HD Pro FOLD** and **LiftKar HD Pro FOLD-L** offer a solution for almost any challenge. Rely on this robust and powerful tool to move your heaviest loads safely and efficiently.

HD Pro FOLD

The Compact One
(incl. toe plate 530 mm)

- e.g. for photocopiers, elevator motors
- Weight (with lithium battery): 37,9 kg
- Dimensions:
H: 1615 x W: 560 x D: 485 mm
(folded 1195 x 560 x 560 mm)
- Foldable
- Product variants to choose from:
up to 200 kg - **Art. no. 068 700**
up to 280 kg - **Art. no. 068 720**
up to 360 kg - **Art. no. 068 730**

HD Pro FOLD-L

The Extended Version
(incl. toe plate 530 mm)

- e.g. gas cylinders, furniture
- Weight (with lithium battery): 38,8 kg
- Dimensions:
H: 1780 x W: 560 x D: 485 mm
(folded 1360 x 560 x 560 mm)
- Additional push buttons for Up/Down at the middle bar
- Foldable
- Product variants to choose from:
up to 200 kg - **Art. no. 068 702**
up to 280 kg - **Art. no. 068 722**
up to 360 kg - **Art. no. 068 732**

Load capacity*	200 kg	280 kg	360 kg
Max. climbing speed	~ 9 - 15 steps / min.	~ 7 - 13 steps / min.	~ 6 - 10 steps / min.
Autonomy (max.) Steps up and down**	700 steps	600 steps	500 steps
Max. step height	210 mm

Maximum Efficiency in Extended Length

HD Pro UNI & HD Pro FOLD-XL

The **LiftKar HD Pro UNI** is your reliable partner for transporting bulky and heavy loads over stairs. Based on the proven technology of SANO stairclimbers, this device is not only easy to operate but also extremely efficient. With an impressive climbing speed of up to 15 steps per minute*, the **LiftKar HD Pro UNI** enables a single person to effortlessly transport bulky equipment such as beverage or vending machines. Whether steep, narrow or winding – the **LiftKar HD Pro UNI** gives you unrestricted access to every floor.

Particularly noteworthy is the **LiftKar HD Pro FOLD-XL** model. This version extends the capabilities of the standard device with additional length, allowing for the transportation of even the largest and most cumbersome loads that would typically challenge a standard workforce. The **LiftKar HD Pro FOLD-XL** masters such tasks with ease, offering extra stability and safety during transport over difficult terrain.

Both models are equipped with the latest Li-Ion lithium battery technology, enabling a range of up to 700 steps* per battery charge. Whether for commercial purposes or demanding industrial applications, the **LiftKar HD Pro UNI** and the **LiftKar HD Pro FOLD-XL** ensure you achieve your transport goals efficiently and without physical strain.

HD Pro FOLD-XL

Long and agile
(incl. toe plate 530 mm)

- e.g. buffer tanks, vending machines
- Weight (with lithium battery): 39,2 kg
- Dimensions:
H: 1915 x W: 560 x D: 485 mm
(folded 1495 x 560 x 560 mm)
- Additional push buttons for Up/Down at the middle bar
- Foldable
- Product variants to choose from:
up to 200 kg - **Art. no. 068 703**
up to 280 kg - **Art. no. 068 723**
up to 360 kg - **Art. no. 068 733**

HD Pro UNI

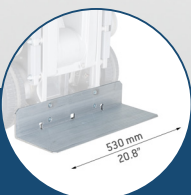

The Problem-solver
(incl. toe plate 530 mm)

- e.g. drinks dispensers, gaming machines
- Weight (with lithium battery): 37,4 kg
- Dimensions:
H: 1675 x W: 560 x D: 485 mm
- Product variants to choose from:
up to 200 kg - **Art. no. 068 701**
up to 280 kg - **Art. no. 068 721**
up to 360 kg - **Art. no. 068 731**

DOLLY KICK-OUT SYSTEM

Optimize your transport routes with the DOLLY KICK-OUT SYSTEM

The **DOLLY KICK-OUT SYSTEM** is the perfect enhancement for the LiftKar HD Pro UNI, LiftKar HD Pro FOLD-L, and LiftKar HD Pro FOLD-XL models, specially designed to make longer transport paths easier and more ergonomic. This additional module emphasizes ergonomics and user-friendliness, significantly easing the handling of these stair climbers over longer distances.

Despite its robust construction, the system weighs 5,8 kg, making it light and portable. This ensures that it does not compromise the mobility of the LiftKar HD Pro models but rather extends their functionality and range of applications. The system is extremely stable and intuitive to use, making it an indispensable tool for daily use.

The **DOLLY KICK-OUT SYSTEM** increases the flexibility and efficiency of the transport process without sacrificing comfort or ease of use. The system can be easily attached to and detached from the LiftKar HD Pro models, providing a cost-effective solution for a wide range of transport tasks.

Experience how the **DOLLY KICK-OUT SYSTEM** expands your transport capabilities while remaining ergonomic and cost-effective. A must-have for anyone who values efficiency and ergonomics when handling heavy loads!

MORE POWER MORE RELIEF

The new LiftKar HD Pro-Series: The heavy duty transporter for loads up to 360 kg

The **LiftKar HD Pro** - the powered stairclimber by SANO - enables fast and secure transportation of heavy loads over stairs. Say goodbye to back and joint strain, as well as the risk of accidents. With the **LiftKar HD Pro**, you can safely and ergonomically manage heavy transportation challenges in no time. It is ideal for transport and logistics companies, retail, commercial, industrial sectors and many more.

The core of the **LiftKar HD Pro** is its perfectly balanced climbing unit, offering two climbing speeds and a single and multi step mode. Thanks to innovative step-edge braking system, we ensure the highest level of safety in every operation.

The **LiftKar HD Pro** is an investment that pays off quickly. Instead of difficult work for two or more people, a single person can now effortlessly handle the transportation with minimal effort, high reliability, and significantly faster execution.
